EXPERIENCE
2013-Present Freelance | Sound Engineer
Currently providing various sound services to local design firms in Orlando. I regularly create custom sound effects for interactive centers and user experiences by working with various local creative firms:
3M Innovation Center
Smucker's Innovation Center
Picvoice Digital Greeting Cards

2011-2013 Valencia Community College | Sound Engineer
Handled A/V setup and stage design for theatre performances by placing microphones, setting up mixing consoles, lighting, and headsets for featured shows held on campus:
Raisin in the Sun
Dance Recital
Band Showcase

2008-2011 Sign Depot | Screen Printer and Full Color Developer
Managed full color department under tight delivery deadlines. Unloaded, shipped, and checked inventory weekly.

2005-2008 Sweetwater Country Club | Landscaper
Specialized in landscaping and managing an 18-hole highlands course while also maintaining property carts, mowers, and vehicles. Prepped charity event displays and assisted with guest relations on occasion.

2004-2005 A&K Electric Services | Electrical Technician
Worked both indoors and outdoors replacing assorted fixtures, ballasts, halogens, and other various fluorescents. Assisted on-site staff members to ensure safety and completion of electrical maintenance requests.
